**GECC ENCOUNTER VELEHRAD 2017  
“THE HOUR OF MCC: THE CHALLENGES FOR OUR MISSION”**

**Questionnaire:**

A. We have been told, in the European Ultreya in Rome (April, 2015) and in the World Ultreya in Fatima (May, 2017), that we are called to go further, that it is “the hour of the Cursillos”. But we still find in Europe, a complex society, where the task of evangelization seems really difficult.

- 1) What are the main difficulties we find for our evangelizing task in today’s reality in Europe?
- 2) What situations we have to attend in a special way with the men and women of nowadays? How should we approach them, especially those “far away”?

B. Today’s reality is a challenge for our Movement. There are many circumstances in our society and in our time that influence the way of bringing the Good News of God’s love to others, especially to those so called “far away”.

- 1) How can this condition the activity and life of our movement, schools and secretariats?
- 2) What critical points do we find for the performance of our Precursillo, Cursillo and Poscursillo?

**Please, indicate any other issues you think we should work on or discuss at the Velehrad Encounter 2017.**
